*Arts for All of Northern Michigan (A4A NMI)* creates and updates promotional materials each year to help share our story about the many wonderful adaptive art experiences we provide to our community. These brochures, handouts, videos and invitations are important promotional tools for fundraising and fostering community awareness and support. A4A NMI is a local non-profit organization whose mission is to provide people with disabilities residing in the Grand Traverse region with interactive experiences, both artistic and cultural. Please visit our website for additional information at [www.artsforallnmi.org](http://www.artsforallnmi.org). Programs are designed to be accessible for all abilities, but not limited to those with disabilities.
